DeliverED

What's Included?

- Particle Photon
- Yale Key
- EM Lock
- Bascule Trap Door
- Fork Lift

Getting Started

Installation and Powering On

Your handyman will arrive on the date chosen to install your DeliverED Home mailbox at your desired location. We recommend beside your front door!

Once the device is successfully installed, plug in your mailbox to an outlet in your home and let it charge for a bit before use!

Connecting to your mailbox

Download our Android App from the Google Play Store to begin controlling your Mailbox!

Sign in to our app using your preferred Google account.

Sign on the Home screen, go to 'Add Device' and select 'Mailbox'. You are connecting to your 'New' product or enter the ID located underneath it in the textfield. Hit save and you're all set to use your new DeliverED Home mailbox!

Privacy Policy

Latest revision: 23 March, 2021

This Privacy Policy describes the policies and procedures on the collection, use and disclosure of your information when you use our services, and tells you about your privacy rights and how the law protects you. DeliverED does not share your information with any third parties, and any information we do collect will only be used as permitted by law.

We use your personal data to provide our personalised secure mailbox services. By using our services, you agree to the collection and use of information in accordance with this Privacy Policy. Please read this Policy and ensure that you understand it.

Collecting and Using Your Personal Data

Types of Data Collected

Personal Data

While using our app services, we will ask you to sign in using your Google account. This provides us with certain personally identifiable information that can be used to contact or identify you. This is also our only point of collecting information. This information consists of:

- Email address
- First name and last name
- Usage Data

Usage Data

Usage Data is collected automatically when using our services.

Usage Data may include information such as your device's Internet Protocol address (e.g. IP address), device type, browser version, the pages of our site or app that you visit, the time and date you visit, the time spent on those pages, unique device identifiers and other diagnostic data.

Use of Your Personal Data

DeliverED may use personal data for the following purposes:

- To provide our service, as we rely on information provided by Google to identify you.
- To manage your account: to manage your registration as a user of the service. This involves registering devices under your name, and adding people to your existing devices.
- To contact you: To contact you by email, or other equivalent forms of electronic communication. For example, if you have questions about our products, updates or informative communications related to the functionalities, products, or contracted services, including the security updates, when necessary or reasonable for their implementation.
- To manage your requests: To attend and manage your requests and queries to us.
- For other purposes: We may use your information for other purposes, such as data analysis, identifying usage trends, determining the effectiveness of our promotional campaigns and to evaluate and improve our service, products, services, marketing, and your experience.

Retention of Your Personal Data

DeliverED will retain your personal data only for as long as is necessary for the purposes set out in this Privacy Policy. We will retain and use your data to the extent necessary to comply with our legal obligations, resolve disputes, and enforce our legal agreements and policies.

We will also retain Usage Data for internal analysis purposes. Usage Data is generally retained for a shorter time, except when this data is used to strengthen the security or to improve the functionality of our service, or we are legally obligated to retain this data for longer periods.

You can request a copy of the information we retain on you by contacting us using one of the methods detailed at the end of this document. You can also contact us to opt out of data collection, however this will prevent you from using our services, as our mailboxes rely on personal profiles to function.

Getting Started

Installation and Powering On

Your handyperson will arrive on the date chosen to install your DeliverED Home mailbox at your desired location. We recommend beside your front door!

Once the device is successfully installed, plug in your mailbox to an outlet in your home and let it charge for a bit before use!

Connecting to your mailbox

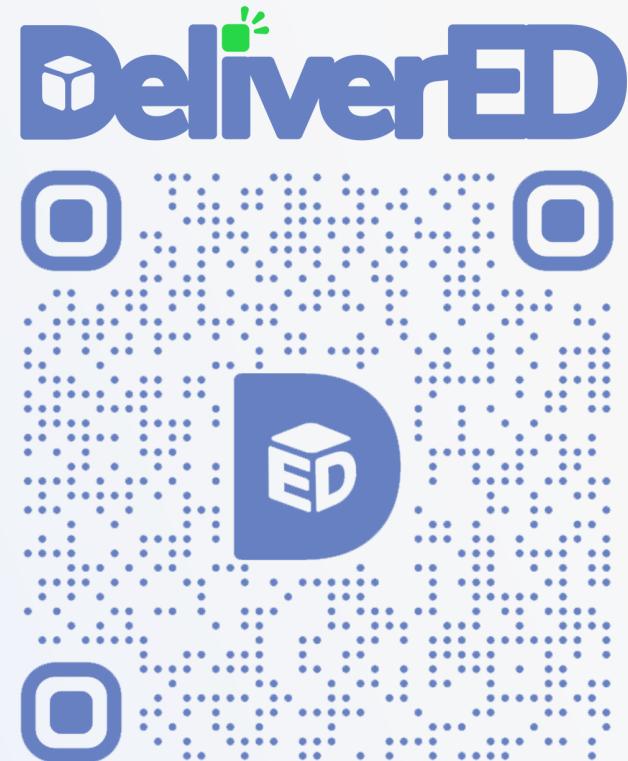

Download our Android App from the Google Play Store to begin controlling your Mailbox! Then download the Particle app.

Sign into the Particle app and set up the device. Then, sign into our app using your preferred Google account.

Now on the Home screen, go to 'Add Device' and select that you are connecting to 'Your new device'. Scan the QR code on your product or enter the ID located underneath it in the textbox. Hit save and you're all set to use your new DeliverED Home mailbox!
